In a world prioritizing environmental conservation and community welfare, diverse initiatives are driving change. From sustainable farmland solutions to biodiversity preservation, these efforts showcase a holistic approach to nurturing ecosystems and societies. Explore the transformative impact of these initiatives with us.

Christian Adoh
BIO PLANET TMC

BIO PLANET TMC Ltd offers high-quality granulated **organic fertilizer** to Pobè farmers in Benin, providing cost-effective and accessible solutions for farmland restoration.

Willem Hendrik Ferwerda
Commonland

Commonland restores degraded landscapes, fostering thriving ecosystems, economies, and communities through the **4 Returns Framework**, inspiring social, natural, and financial returns for all stakeholders.

Malakai Parom
MENCERTC

MENCERTC, led by Indigenous peoples, conserves ecosystems and culture in Papua New Guinea. Mauberema Conservation engages **150 local youth, aiding 10,000 Indigenous** People in Simbu Province, preserving forests in a biodiversity hotspot.

Abdulhadi Achakzai
EPTDO

EPTDO, a non-profit NGO, focuses on climate resilience, livelihood, agriculture, gender equality, and biodiversity through **community engagement** and **technology-enhanced** programs like GIS-supported greeneries for land restoration and climate mitigation.
