Date // **4 Dec 2024**

Time // **10:00-11:00 AST**

Location // Blue Zone,
Restoration Pavilion

This side event will showcase key data platforms that enhance global access to geospatial and land-related data, crucial for tracking land conservation and restoration efforts under the UNCCD-G20 Global Land Initiative. By improving data accessibility, integration and analysis, these platforms support decision-making, share best practices and promote effective land management for sustainable outcomes.
