Date // **3 Dec 2024**

Time // **10:00-11:30 AST**

Location // Blue Zone,  
Restoration Pavilion

This event unites influential faith leaders to emphasize the moral responsibility for ecosystem restoration amid global challenges, such as land degradation, climate change and biodiversity loss. By showcasing impactful faith-led initiatives, the session aims to inspire a faith-driven movement for land restoration worldwide. This gathering underscores the essential role of faith communities in promoting environmental stewardship and advancing sustainable solutions.
