

Invest, Restore, Thrive: Launching Project HEAL

GOVERNANCE
DAY

© P. Zygmunt/Greenstorm/UNCCD G20 GLI

Date // **6 Dec 2024**
Time // **16:00-17:00 AST**
Location // Blue Zone,
Restoration Pavilion

Join us for the launch of Project HEAL, an innovative platform that empowers companies to invest transparently in ecosystem restoration projects. By assessing vital signs like green cover, soil health and biodiversity, Project HEAL leverages AI-driven recommendations to guide users in effective restoration efforts. With real-time tracking and advanced data analytics, this platform not only demonstrates the return on investment in environmental initiatives but also contributes significantly to global ecosystem restoration efforts.
