

Scaling Up Land
Restoration - Bridging
large-scale and
grassroots efforts for
sustainable and long
term impact

Date // **7 Dec 2024**Time // **10:00-11:30 AST**Location // Blue Zone,
Restoration Pavilion

Achieving a 50% reduction of all degraded land by 2040 demands large-scale implementation efforts worldwide, involving the public, private, and third sectors. However, grassroots initiatives also play a vital role in reaching this ambitious target. This side event will act as a platform for cross-sector exchange, inspiring impactful actions toward the G20 Land Restoration Goal by bridging local efforts with global objectives.
